## DREADFUL DISASTER

The Erie Railway Sustains Fearful  
Smashup on Monday.

### SIX PERSONS DEAD.

Vestibuled Train and Freight Come  
Together With Terrible Force  
and Causes Considerable  
Amount of Damage.

New York, April 20.—Report re-  
ceived at offices of the Erie road that  
the vestibuled limited express which  
left Chicago for New York at 10:30 a.  
m. Sunday, was wrecked at Redhouse,  
N. Y., eight miles west of Salamanca.  
and three passengers were burned to  
death in the flames which destroyed  
two coaches and three sleepers. The  
report says all other passengers es-  
caped but Fireman Bell and Express  
Messenger Gabriel, who were serious-  
ly injured. Three passengers burned  
—two women and a child who got on  
the train at Youngstown, O., and were  
going to Olean, N. Y. Their names  
are not given in the report. At Red-  
house the train was to pass a freight,  
but before the freight got on the sid-  
ing and cleared the main track the  
express appeared and a collision oc-  
curred. An investigation was ordered  
and a new train made up to bring the  
surviving passengers to New York.

Advices received here at headquar-  
ters state the Erie road show in addi-  
tion to the death of the two women  
and child in the wreck near Salaman-  
ca, the bodies of two men who were  
burned to a crisp, have been taken  
from the day coach. Nothing found  
by which they could be identified. A  
brakeman on the freight train named  
Hotchkiss was also killed.

Investigation shows the two women  
and child killed came in over the  
Pittsburg and Lake Erie road to  
Youngstown, O., where they boarded  
the Erie train for Olean, N. Y. It is  
believed they came from Pittsburg, or  
some point near that city.

The fire department from Salamanca  
reached the scene of the wreck on a  
special train at 9 o'clock and soon  
several streams of water were play-  
ing on the burning cars. Five cars in  
the passenger train were completely  
destroyed. They were the sleepers,  
Leon, Rubens, Cloverdale, a combi-  
nation car and the ladies' day coach.  
The freight was made up largely of  
cars loaded with hard coal, many of  
them being entirely consumed.

The wreck occurred during a dense  
fog, the passenger "side swiping" the  
freight while the latter was pulling on  
the siding.

### LANDED ON DEPOT.

Singular Railroad Accident Occurs Near  
Mobile, Ala.

Mobile, Ala., April 20.—Through  
freight No. 31, was wrecked late last  
night at Lambert, on the Mobile and  
Ohio railroad. Eight cars jumped the  
track and landed squarely on top of  
the depot, completely demolishing it.  
Not a timber in the building was left  
standing. There was no one in the  
depot at the time. The grade at Lam-  
bert is the steepest between Mobile  
and New Orleans and a point in Illi-  
nois, and the road makes a sharp  
curve at the grade. The depot stood  
at the foot of the curve, and when the  
cars left the track they alighted on  
the depot. Brakeman B. M. Hessel,  
of Meridian, Miss., was seriously in-  
jured. A broken flange is said to have  
caused the wreck. The cars were  
loaded with grain.

### Amendment to Charter Filed

Austin, April 21.—An amendment  
to the charter of the Texas and New  
Orleans railway was approved by the  
attorney general and filed in the state  
department providing for the building  
of a branch road from Sour Lake to  
Saratoga, Hardin county.

### Grant Urges Action.

Austin, April 20.—The attorney gen-  
eral gave out a letter from General  
Grant to Governor Lanham urging  
state authorities to bring all pressure  
to bear possible on state troops that  
a good showing may be made when  
inspectors visit Texas.

### Forced a Lockout.

Shenandoah, Pa., April 20.—The  
Philadelphia and Reading Coal and  
Iron company forced a lockout at ev-  
ery one of their mine collieries in this  
district. The men were notified on  
Saturday that if they did not work  
full nine hours they could consider  
themselves discharged. When they  
reported for work they were told  
there was no work for them.

### Death of a Noted Lady.

New Orleans, April 20.—Mrs. John  
Kruttschmitt, mother of E. B. Krutts-  
chmitt, chairman of the Democratic  
state committee and of Julius Krutts-  
chmitt, vice president of the South-  
ern Pacific Railroad, is dead, aged sev-  
enty-nine years. She was a sister of  
Judah P. Benjamin, member of the  
Confederate cabinet and queen's coun-  
sel of Great Britain after the civil  
war.

San Angelo, Tex., is shipping many

## QUICKLY SUPPRESSED

Unsuccessful Attempt Made to Re-  
organize Boxer Movement.

### HEADS ARE CUT OFF

Arrests Were Made of a Number of  
Chinamen Who Were Assembled  
in the Dead of Night and  
Several Were Killed.

Washington, April 20.—Minister Con-  
ger reports to the state department  
from Peking that an attempt has been  
made in the district of Ku Tien, about  
100 miles west of Peking, to reorganize  
the boxer movement but was promptly  
suppressed by the energetic action of  
the viceroy, the famous Yuan Shih Na,  
who stood like a rock against the  
boxers in 1900. Several soldiers lost  
their lives in the attempt to arrest  
criminals. Several of the criminals  
were killed and ten others were ar-  
rested, who are to be beheaded and  
their heads exhibited where the organ-  
ization was started. Minister Conger  
says only such prompt and severe  
measures will prevent similar organi-  
zations in other localities, and that it  
is hoped and believed Yuan Shih Na  
will continue as he has begun.

The native official report on the up-  
rising is as follows: "The Tung Yung  
Ping, Brigade General Li Antang, and  
the district magistrate of Yu Tien  
Cheng Chin, reports correct in the mat-  
ter of boxers drilling at Liu Ho Tao  
in the district of Yu Tien. We sent  
petty officers to make thorough search  
and they arrested Kan Lin Chiang and  
others, men and women, ten in all,  
who were practicing boxer arts and  
we now ask for orders as to how we  
shall deal with them."

To this a reply was received, as fol-  
lows: "The contents of the report  
have been carefully noted. Proclama-  
tions have been issued repeatedly for-  
bidding any revival of the disturbances  
of 1900, which were originated by the  
boxers, but Kan Lin Chiang and his  
party, having no regard for the law  
assembled a lot of people to form a  
band of boxers and drilled them in  
the dead of night. When they were  
being searched for by the civil and  
military officials they dared to resist  
arrest and killed and wounded several  
soldiers. Thereupon several of them  
were killed, men and women were ar-  
rested and their swords, shields, flags,  
light. I shall deputize Tao Chang Hsi  
spears, arms and pledges, all proofs  
of their evil designs, were brought to  
Luan of the military secretariat of the  
regular force, to proceed at once with  
all haste and make a thorough inves-  
tigation and deal with the matter ac-  
cording to the regulations already in  
force. As to the men and women al-  
ready in custody, let them be carefully  
tried and afterwards beheaded, and let  
their heads be sent to the place of  
their rebellion and suspended as a  
warning to all and a testimony to the  
rigor of the law. We shall expect also  
that some plan will be devised to se-  
cure the remains of the band. Let  
every exertion be made to root it out  
so as to prevent further trouble. For-  
ward this with all haste."

The proclamation of Viceroy Yuan  
Shih Kai shows clearly the vigor of  
the measures taken by him to stamp  
out the boxer movement.

### IN THE HARBOR.

Gunboat Independencia at Monte Cristi  
Some Days Ago.

Cape Haytien, April 20.—A letter has  
been received from Monte Cristi  
dated April 1. It relates that the revo-  
lutionary gunboat Independencia had  
come into the harbor and that the har-  
bor master of Monte Cristi and mem-  
bers of his staff boarded the Inde-  
pendencia in the belief that she was  
in the service of the government. With  
the exception of the man, who was sent  
ashore to tell the story, the harbor of-  
ficials were carried away prisoners on  
board the rebel boat. The Indepen-  
dencia continued in the direction of  
Manzanillo. On board of her were the  
revolutionary leaders, a numerous crew  
and a quantity of arms and ammuni-  
tion.

General Rodriguez, governor of Mon-  
te Cristi, is preparing to resist with  
energy in case the port is attacked  
by the Independencia. Foreigners at  
Monte Cristi are demanding the pres-  
ence of a warship for their protection.  
The German steamer Valencia is at  
Monte Cristi and offers a means of  
leaving the port. Several engagements  
have occurred in the vicinity of Monte  
Cristi, but the result is not known.

### Fight With Robbers.

Bakersfield, Cal., April 20.—James  
McKinney, the outlaw, was shot and  
killed here. Deputy Sheriff Tibbets  
was also killed. Constable Packard  
was fatally shot. Officers were trying  
to arrest McKinney.

### Tenement Houses Burn.

Paterson, N. J., April 20.—A fire de-  
stroyed four tenement houses in Main  
street and caused a loss of more than  
\$50,000. All the tenants of the houses  
were in bed at the time of the fire  
and it was with great difficulty that  
they were rescued.

#### CHANGE IN SCHOLASTIC AGE.

The new school law, enacted at  
the regular session of the legisla-  
ture changed the scholastic age so  
as to admit children of 7 years to  
the public schools. This will take  
effect, beginning with the next  
session, next September. The new  
law does not change the provisions  
of the old law regarding enumera-  
tions, and in taking the scholastic  
census, only children 8 years old  
(and under the maximum) can be  
enumerated.

Prof. T. S. Winter gives the  
Eagle this information, and says it  
will result in extension of the work  
and no increase in the funds.

Prof. T. S. Winter, who is an  
amateur horticulturist as well as  
an educator, tells the Eagle that  
he has observed in the reports of  
one of the Northwestern states'   
agricultural experiment stations  
that a successful experiment has  
been made with grafting the to-  
mato on the Irish potato, and now  
the experimenter has potatoes  
growing in the ground and toma-  
toes on the tops of the same vines.  
This is crowding things, and it  
seems to us is open to the charge  
of overworking the poor plants.

Attorney-General Bell holds that  
the new anti-trust law does not de-  
stroy labor unions and does not  
abrogate the right to strike.

Sixty-four thousand immigrants  
landed in New York during the  
first eighteen days of April.

#### THE TEXAS WORLD'S FAIR EXHIBIT.

Will Progressive Texas Come to the  
Front and Raise the Money?

The Texas World's fair commis-  
sion has decided to try until July  
1 to raise \$100,000 by subscrip-  
tion, to be added to the funds now  
in hand, for the purpose of mak-  
ing a creditable exhibit of the re-  
sources of Texas at the world's  
fair. Every county in the state  
will be organized, if possible, and  
subscriptions taken. The money  
subscribed will not become due  
until the whole of the \$100,000 is  
subscribed.

This decision was arrived at at a  
meeting of the commission at Dal-  
las on the 14th inst. The meeting  
was attended by some of the fore-  
most citizens of Texas, among  
them being ex-Gov. Joseph D.  
Sayers, John H. Kirby, Col. L. J.  
Polk, ex-Gov. Barnett Gibbs, Paul  
Waples, Jesse Shain and about  
forty others. All the commission-  
ers were of one mind, that it would  
be a serious setback to Texas if it  
were not represented, and they  
backed up their opinions by sub-  
scribing liberally.

It is up to the people of Texas  
to say that this great enterprise  
shall be pressed forward to success,  
or that the glorious opportunity to  
show to the world what Texas is  
shall be neglected. We believe the  
citizens of Texas will "come  
through" in the proper manner.

Sunday night at 9 o'clock, Miss  
Stella Wiley and Mr. John J. Mit-  
chell were united in marriage by Dr.

church. The young people left Sun-

They will make their home in Mart.

The bride is a daughter of Capt.  
and Mrs. W. H. Wiley and was  
reared in the Bethel community of  
this county. She has many friends  
who unite in wishing her abundant  
happiness.

Mr. Mitchell is a fireman on the I.

Bryan for some time. He is popular  
among his associates and has also  
made numerous friends during his  
residence here.

#### REVIVAL AT METHODIST CHURCH.

All the Churches Invited to Take Part in  
the Meeting—Rev. W. D. Bass  
Is Conducting Meeting.

Revival services were begun at the  
Methodist church Sunday. The pas-  
tor, Rev. E. L. Shettles, is assisted  
in the meeting by Rev. W. D. Bass  
of Corinth, Miss., who is doing the  
preaching. He is an earnest worker  
and a man of strong faith and in-  
spiring zeal. He believes in the old  
time Holy Ghost religion, and has  
pitched the meeting upon that plane.  
He disparages the formality and  
worldliness that is too frequently  
manifested in the church, and wants  
to get back to the simple pure heart-  
felt religion that animated the  
church in earlier days. He appears  
well pleased with Bryan and the  
outlook for the meeting.

His opening sermon Sunday morn-  
ing was from the text, "Ye must be  
born again." He chose this subject,  
he said, in order to begin at the be-  
ginning. He handled the theme well,  
showing the necessity for regenera-  
tion, the means and conditions  
necessary to its attainment and the  
evidences and results of being born  
of the spirit. The pastor has invited  
the co-operation of the pastors and  
members of other churches, and de-  
sires to enlist the interest of the  
entire community in the meeting.  
Services are held every morning  
from 10 to 11 o'clock and every night  
at 8 o'clock. All are cordially invited  
to attend the meeting.

Some of the Brenham druggists  
have discontinued the sale of co-  
caine on account of the evil effects  
of the drug.

#### Do You Enjoy What You Eat?

You can eat whatever and whenever you  
like if you take Kodol. By the use of this  
remedy disordered digestion and diseased  
stomachs are so completely restored to  
health, and the full performance of their  
functions naturally, that such foods as would  
be one into a double-bow-knot are eaten  
without even a "rumbling" and with a pos-  
itive pleasure and enjoyment. And what is  
more—these foods are assimilated and  
transformed into the kind of nutriment that  
is appropriated by the blood and tissues.

Kodol is the only digestant or combination  
digestants that will digest all classes of  
food. In addition to this fact, it contains, in  
palatable form, the greatest known tonic  
and reconstructive properties.  
Kodol cures indigestion, dyspepsia and all  
disorders arising therefrom.

#### BRYAN BOYS IN THE NAVY.

Kendal Boyer Writes From the U. S.  
Recruiting Ship Minneapolis.

Navy Yard, Philadelphia, Pa.  
To the Bryan Boys: I left Bryan  
March 30, at 1:55 p. m., and ar-  
rived at Dallas at 8 o'clock the  
same evening. March 31 I was  
examined and admitted to service  
in the United States navy.

After being sworn in I remained  
in Dallas until 10 p. m., April 3d.  
Then we started—forty four of us  
—over the Santa Fe, for Galveston.  
At 2:30 p. m., April 4th, we  
boarded the steamer Denver for  
New York. We had a nice trip  
from Galveston to New York, none  
of us getting sea sick. We arrived  
at New York at 8:30 a. m., April  
10. Took a ferry across the river  
for Jersey City. We then boarded  
the first train for Philadelphia.  
Passing through Newark, Trenton  
and Princeton we reached Phila-  
delphia at 5 p. m. After eating  
supper we went upon deck and  
were given our hammocks bedding,  
etc., and were shown how to hang  
or arrange them. We go to bed at  
9, get up at 5:30 and eat breakfast  
at 6:30. At 9 a. m. the first day  
we were marched to a doctor and  
vaccinated. After dinner we were  
given our clothes, etc., which con-  
sisted of one blue suit, two white  
duck suits, one special white dress  
parade suit, caps, blacking, brush,  
whisk broom, bar of soap, comb,  
needles, thread, cups, spoon, knife,  
fork, pocket knife, etc.

There are 800 of us on board the  
Minneapolis. We have plenty to  
eat, such as potatoes, hash, jelly,  
pudding, tea, etc. The boys are  
playing and singing so I can  
hardly write, but let this do for a  
letter to all the Bryan boys.

#### DEATH OF MRS. SARAH HALL

Came Suddenly and Unexpectedly From  
Paralysis at Rockdale.

Mrs. Sarah Hall died suddenly  
and unexpectedly of paralysis at  
Rockdale Sunday evening at 6:30  
o'clock. Mr. Ed Hall of this city,  
her son, was notified by telephone  
at once and he left immediately by  
private conveyance for Hearne to  
catch the first train via the I. & G.  
N. for Rockdale.

Mrs. Hall, who was 87 years of  
age, had been in failing health for  
a year, but she was able to be up  
the day before her death, of which  
fact her relatives here were in-  
formed by letter; in consequence  
her sudden death was a severe  
shock for which the family and  
friends were unprepared.

Mrs. Hall was a native of Ar-  
kansas, and lived in Bryan for  
thirty-six years, and in Rockdale  
with her daughter, Mrs. R. S. Wil-  
son, the last three years. Her  
husband, Mr. T. J. Hall, died in  
this city in 1872. She leaves three  
children, Mr. Ed Hall, Mrs. Wil-  
son and Mr. Jack Hall of Beau-  
mont.

Mrs. Hall was a member of the  
Methodist church for forty years,  
and lived a devoted Christian life.  
In every relation of life, as wife  
and mother, friend and neighbor,  
she was ever loving, thoughtful  
and self-sacrificing. After a long  
life, marked by good deeds and  
kind words, she has gone to the  
rich reward of the faithful and the  
just.

The remains were brought to  
Bryan via the Houston & Texas  
Central yesterday afternoon, and  
the funeral procession formed at  
the depot and proceeded to the City  
cemetery, where services were con-  
ducted by Rev. E. L. Shettles and  
Dr. J. D. West.

#### THE FLOTO SHOWS.

The Floto Dog and Pony show  
gave two exhibitions here yesterday  
and presented a number of the usual  
tricks that are performed with edu-  
cated dogs and ponies, and in addi-  
tion showed some new features.  
Three beautiful Arabian horses were  
introduced, and did their stunts fair-  
ly well. These beautiful animals are  
a treat to observe, whether perform-  
ing or not. Their high breeding ex-  
hibiting as they do the blood of their  
ancient and honored race, is unmis-  
takably shown. One of them bears  
the classical name of Ben Hur, and  
to see the fire in his eye, the high  
spirit in his carriage, one is reminded  
of the thrilling passage recounted by  
Lou Wallace in his description of  
the great chariot race in Antioch,  
away back in the days which seem  
to us to have been the dawn of his-  
tory.

The menagerie of this show con-  
tains some rare simian specimens.  
Some of the monkeys perform clever  
tricks in the arena, and contribute  
no little to make the show.

An afternoon at the Floto show  
will not only serve to while away an  
hour, but one can learn something  
of the possibilities of animal train-  
ing by witnessing the clever per-  
formance.

cold drinks of all kinds. "The best  
only" is his motto. 119

Regular meeting tonight at 8  
o'clock sharp. Work in the ranks of  
page and esquire.

The Mable Dramatic company  
appeared at the opera house last  
night in their initial performance,  
"A Bitter Tonic" and, notwith-  
standing the counter attraction, a  
fair sized audience greeted them.  
The company is a strong one and  
many roars of applause greeted  
every act. The specialties were good  
and saved of something new.  
Taken all in all the performance  
was far above the average plays pre-  
sented by popular priced companies,  
and those who attended felt well re-  
paid for the trouble and expense  
they may have incurred. This after-  
noon at 3 they will present "Flies  
in the Web" and tonight "The Gold  
King."

### KNOX TO OPPOSE.

#### Attorney General Does Not Favor Any Modification Whatever.

St. Paul, Minn., April 20.—Before the United States circuit court Judge W. S. Sanborne, there appeared attorneys for the Northern Securities company, and Northern Pacific and Great Northern railway companies to present request of recent decree against the Northern Securities to be so far suspended as to permit payment by railroads of regular dividend to Securities company. They maintain the money will ultimately reach the same individuals whether directly or through the medium of the Northern Securities company. On all other points of the decree no modification is asked, attorneys presented petition to Judge Sanborne Friday, but the U. S. District Attorney Haupt under instructions from Attorney General Knox, objected and the case set for argument Monday.

A little over \$4,000,000 will be released for May dividends if the petition is granted and nearly \$14,000,000 will be paid before a decision can be secured from the supreme court of the United States.

Further instructions from Attorney General Knox this morning were to the effect he would continue to oppose the petition and not to agree to any suspension of the decree.
